

Special Exam Registration

BCIA policies allow individuals pursuing certification to take the written exam using a proctor at a university or public library. Applicants sitting for exams on a Special Exam basis must be pre-qualified candidates and are required to pay an additional fee, as well as any fees charged by the testing facility.

BCIA requires the following information submitted **2 weeks** prior to the proposed exam. Candidates may then schedule the exam with the testing center anytime within the specified week. *Please note that the mailing address must be a street address in lieu of a post office box as some delivery services will not deliver to a post office box.*

BCIA offers individual administration of the exam at the Wheat Ridge office at a time agreeable between the candidate and staff at no additional charge.

Name: _____ Email: _____

Type of Exam: General EEG Pelvic Muscle Dysfunction Human A&P
